

Legenda:

Zpracování kovů a strojírenství	Balící zařízení	Elektronické systémy, informační a komunikační technologie	Stavebnictví a vybavení interiéru	Vybavení pro výrobní provozy a sektor HORECA
---------------------------------	-----------------	--	-----------------------------------	--

COMPANY NAME	WEBSITE	ACTIVITY AND PRODUCTION	APPLICATIONS OF THE PRODUCT	PARTNERS THE COMPANY WANTS TO MEEET
AEPI INDUSTRIE SRL (IMOLA FA NETWORK DI 13 AZIENDE)	www.aepi-group.it (www.aepi-group.it/imolafa.html)	Construction of special machinery, electrical and industrial plants, electrical and industrial automation, mechanical design, automation of process equipment, solutions for energy efficiency.	Packaging, tobacco, ceramics, food, paper, closures and containers tyre, sanitary, pumping and co-generation, pharmacy.	end users
ALFA SRL	www.alfadispenser.com	Color tester machine, fully automated and self-service. Color lab machine, ideal for paint laboratories to reproduce colors.	Manufactures of decorative paints.	buyers
AREM ITALIA SRL	www.arem.it	Arem Italia is a specialized supplier of personalized workwear and safety-wear, personalized sportswear and promotional-wear. Moreover It is a European leader in the manufacturing of embroidery patches, woven patches, pennants, banners and other typologies of sports and promotional products. All the articles are Made in Italy and with fast deliveries.	Workwear, safatey-wear, promotional wear, customization service for clothing, sportswear, accessories for sport, accessories for work.	agents, end users, distributors
BETT SISTEMI SRL	www.bettsistemi.com	Components for machines (connectors, linear guides, structural profiles) components for conveyors (components for belt conveyors system, modular conveyors, roller conveyors system).	Automotive, food beverage, pharma.	agents, end users, distributors, buyers, costruttori

CABLOTECH SRL	www.cablotech.com	Electric wirings on customer's specifics, assembling of various kind for different power switchboards, assembling of groups and electromechanical/electronic equipment.	Cablotech supplies its products to multinational companies, groups and other customers offering the right solution with a high quality customized service for many different application as: multi purpose control cabinets, any kinds of control board, electro-medical, dental units, railway, airport, parking pay unit, welder, metal cleaners machines, floor cleaners, packing machines.	end users
CHIAVETTE UNIFICATE SPA	www.chiavette.com	Design and manufacture of spherical bearings, rod ends, ball joint, clevises, feather keys and special parts.	Motorcycles industry, pneumatic industry, dealers screws bolts end fasteners, gardening machinery, cables flexible, industrial suppliers dealers, electric motors, automatic gates, agricultural machinery, automatic machines for packaging, pneumatic actuators, dealers bearings, hydraulic distributors, earth moving machines, equipment for fitness.	agents, end users, distributors, buyers
CO.MA.RI. SRL	www.superlizzy.com	Design and production of automatic compacting machines for general waste, PET bottles, aluminium cans.	Specially suitable for fast foods and restaurants, but also for shopping centers, schools and universities, airports, station, hospitals, public institutions, theaters, cinemas, private companies and factories, sports and fitness centers, amusement parks, resorts, campings.	distributors
COMAR CONDENSATORI SPA	www.comarcond.com	Single and three phase Capacitors for LV and HV applications, a wide range of Automatic PFC included "detuned" type. Comar has experience in harmonics reduction, thei study has been so successful by Passive and Active Filter systems.	Electrical Energy and Quality Saving.	agents, distributors, buyers
CT PACK SRL	www.ctpack.com	Automatic packaging machinery manufacturing for bakery, chocolate and ice cream.	Automatic packaging machinery lines for bakery, chocolate and ice cream.	agents, end users, buyers
EASYSNAP TECHNOLOGY SRL	www.easysnap.com	Sales of automatic patented single dose packaging machines for food, cosmetic and medical device products.	Single doses containers for: food, cosmetics and medical devices.	agents, end users
ESSETI SRL	www.esseticircuiti.it	Monolayer-bilayers-multilayers-aluminium-teflon, guaranteed PCB sales and testing, imported from our approved suppliers. Production of gerber files using codes based only on paper documentation or single samples. Mechanical repairs, screen printing and surface finishes on batches not produced by us, electronic project, PCB and electronic reengineering, shop online.	Automotive industry, industrial electronics, high-power electronics, broadcasting, LED-lighting, medical electronics, automotive industry, consumer electronics, agricultural electronics.	agents, end users, buyers

EUREK SRL	www.eurek.it	Building or assembly of circuit boards in large or smaller batches. The company can also supply sample and pre-production batches, managing the production process as either the main contractor or subcontractor, and applying traditional technologies or SMT (Surface Mount Technology) to deliver factory-tested end products.	Industrial dry-cleaning, medical appliances, automotive, telecommunication, food appliances.	end users, buyers
EUROCAB SRL	www.eurocab-srl.com	Production of wire harnesses and swithboards, electrical and electronic assemblies, wiring tools and machinery.	Electromedical, green energy, industrial automation, railway industry, scientific research, electromechanical, industrial devices, automatic machines and elevators.	end users, distributors, buyers
FAAC SPA	www.faac.it	Gate automation, automatic doors, parking systems and access controls worldwide producer.	Residential and industrial applications.	distributors
FACILITAS SRL	www.facilitas.it	Design, manufacture and export stainless steel changing room lockers, broom and storage cupboards, stand-up desk and work tables in stainless steel for the food/food processing, dairy and pharmaceutical industry and large-scale supermarket trade.	General food/food processing; meat, fish, poultry processing, dairy and pharmaceutical industry and large-scale supermarket trade.	agents, distributors, buyers
FANANI SRL	www.fananitende.it	Manufacture of covering systems, roller blinds, awnings, outdoor structures and spaces.	Solutions for covering systems, roller blinds, awnings and outdoor structure and spaces.	agents, distributors, buyers
FARBO SRL	www.farbo.it	Manufacturer of pneumatic valves, actuators, fittings and vacuum componenents.	Automatic machines and industrial equipment.	distributors, buyers
FARMAC ZABBAN SPA	www.farmaczabban.it	Dressing, electro-medicals, cosmetics, ecological sanitary towels and pantyliners.	Medical devices and cosmetics for hospital and pharmacy.	distributors, buyers
FIVE SRL	www.wayel.it	Five is the italian leader company that designs, manufactures and sells unique Electric Bikes, without chain and with shaft drive or belt transmission, and electric mopeds.	Five is part of Termal Group. Trade and distribution in sectors of energy, ecology and thermotechnology.	agents, distributors, buyers
GE CAM SRL	www.gecam-srl.com	Specialized on the cut of technical materials through milling machines, water jet, die cutting and cutter. The manufactures are based on drawings or on patterns using different rigid and flexible raw materials.	Sealing applications, sound proofing, electrical and thermal insulations, air and fluid filtration.	agents, end users, buyers
GIGANT Italia SRL	www.gigant-industries.com	Production of several families of Hydraulic Presses and Production Lines, designed in different Range of power from a minimum of 400 up to 25000 kN, and featuring working tables over 5 metres, also mobile.	Automotive and houseware appliance.	agents, end users, distributors
GILLI SRL	www.gilbo.biz	Automatic lathes up to a bar passage of 100 diameter, special taking-up machining up to 250 diameter and trasfer lines, automatic lathes: CNC up to 12 axis, single-spindle, multi-spindle, sliding headstock, standard and special fasteners for plastics and metals.	Small turned components for electronic, medical, food, mechanical, furniture and pneumatic industry.	agents, end users, distributors

GOVONI SAS	www.govonisas.com	Electrical wiring harnesses and dashboards; spiral cables, electrical power frames for automation.	Heavy duty operating machines, agricultural machines, paving machines. Machine-tools, power sector.	agents, buyers
GRAFICHE DELL'ARTIERE SRL	www.graficartiere.com	Graphic and paper industry.	Production of catalogues, books, monographs and press kits.	agents, end users, distributors, buyers
GRANDI R SRL	www.grandi.it	Projecting and manufacturing of automatic machines for packaging.	Food and non-food areas.	agents, end users, distributors
ILCA TARGHE SRL	www.ilcatarghe.it	Anodized aluminium name plates and fascia panels, silk screen printing, plates cups and prizes, plates for engraving brass and aluminium, anodized industrial panels, panels and keyboards in polyester and polycarbonate, automotive plates, tables, perimeter sheet or polypropylene self-adhesive labels, pre-spaced and roll, screen printing on any type of material.	The typologies of their products are very various and they find application in many different sector.	agents, end users, buyers
ILPO SRL	www.ilpospa.com	development and production on customer drawing of polyurethane components, development, production and distribution of furniture products	vending machines, medical devices, automatic machines contract and residential furniture (soft seating, chair, stools, sofas)	agents, distributors, buyers
IMA SPA	www.ima.it	Machines for processing and packaging for the food, pharma, cosmetic industries.	Food, tea & coffee, pharma and cosmetic nutraceutical.	buyers
IMAS AEROMECCANICA SRL	www.imas.it	Vacuum systems and air depositions in working environment and atmospheric insertion.	Application in many different sectors: wood, plastic, rubber, foundry, die casting, plate manufacturing and metal finishing, mechanical manufacturing, recycling, graphics, chemical systems, polymer manufacturing, metal heat treatment, galvanism, painting, food.	agents, end users
LINK GRUPPO SPA	www.linkspa.it	Distribution and manufacture of cutting tools and industrial equipments for metalworking operation.	Manufacturing plant, metalworking laboratories/workshops.	agents, distributors, end users
MASCAGNI SPA	www.mascagniufficio.it	Office furniture, seatings and demountable wall partitions, acoustic panels.	Furnishing and office interiors.	agents, distributors, buyers, end users
MECCANICA SARTI SRL	www.meccanicasarti.com	Mechanical machining and construction of industrial components following the drawing of customer. Complete supply from the raw material (cast-iron and aluminium castings) to finishing (surface treatments or painting), including dimensional checking, pressure test and assembling if required.	Machines, plants or parts for different kind of industries: packaging (food, cigarettes, pharmaceutical), oil and gas, railway, textile, pumps and filters, decanters, heat exchangers, engines constructors, tooling machines, power transmission, robots, aeronautic, wood cut machines, oleo-dynamic, lift, truck lift, trucks and tractors.	end users, buyers
MINERVA OMEGA GROUP SRL	www.laminerva.it	Professional equipment for restaurants, catering, retail, small industry.	Meat processing, food processing, packaging, food preservation.	distributors

MINUTECNICA BOLOGNESE SAS di Martello Andrea & c.	www.minutecnicabolognese.it	Production of precision turned parts for third parties.	Automotive, hydraulic valves, plasma cutting.	agents, end users, buyers
MOLLIFICIO GUIDI SRL	www.molleguidi.it	Production of springs and metal shaped pieces.	Automatic machines, packaging industry, automotive, medical devices, pneumatic industry, hydraulic industry, agriculture, home appliances, food machinery, electromechanical industry, textile machinery, manufacture of motorcycles.	distributors, end users, buyers
MT MOTORI ELETTRICI SRL	www.electricmotorsmt.com	Electric motors.	Machine tools, machines for the canning industry, conveyors in general (airport, super markets), packing, conveyors for food industrial sector doors opening.	end users, distributors
MWM ITALIA SRL	www.mwmautomotive.com	Systems and components for body shops.	Automotive.	agents, distributors, buyers
NUOVA C. PLASTICA SRL	www.camoli.com	Blowing and injection of plastic material. CAD-CAM Design. Mould building for plastic material application.	Waste management, technical application and plastic application.	distributors, buyers
NUOVA TORNERIA ZANOTTI SRL	www.ntz.it	Production of high precision mechanical parts, used in several fields.	General mechanic, oil pressure parts, hydraulic, automotive, electro mechanic, electromedical equipment, naval equipment and others.	end users, distributors, buyers
ORPLAST SNC di Ori Giovanna Brusori Claudio & C	www.orplast.it	Production of any type of plastic shopping bags and selling of bags in other materials.	Industry, packaging and others.	distributors
PASQUALI SRL	www.pasqualigroup.it	Semi-finished and finished goods made of iron, stainless steel and aluminium.	Various commodities sectors (agriculture, automotive, furniture, lighting, plant design, heating, electronic equipment).	agents, end users, distributors, buyers
PERSICETO MARMI DI GIAN LUCA BERNARDINI	www.persicetomarmi.it	artisan workshop of marble and granite	furniture, roof, wall covering, custom made	end users, distributors, buyers
PLASTOD SPA	www.plastod.com	Plasters, adhesive dressings, advanced wound dressings.	Pharmacies, hospitals, private clinics, mass market.	distributors, buyers
PLAX SPA	www.plax.it	The Plax group offers customers different technologies in order to provide various services, starting from consultancy, technical and design projects and rapid prototyping, and on to production of thermoformed and injection moulded articles through its different division in Italy, Romania and China.	Moulding (by thermoforming and injection) and assembling of plastic components.	end users, distributors, buyers

PRIAMO SRL	www.priamosrl.it	Design, development and manufacturing of machines and automatic lines for the timber industry, producing veneer and wooden packaging.	Market sector of wooden packaging for food: fruits, vegetables, fish and dairy products.	agents, end users, buyers
RCD SRL	www.rcd.it	Automotive and agricultural products.	Truck trailers, light van, agricultural tractors and special vehicles, industrial pneumatic tools.	end users, distributors
RIVIT SRL	www.rivit.it	Rapid fastening systems to join metals and relevant installation tools.	Automotive and mechanical supplying.	agents, end users, distributors, buyers
SEFA ACCIAI SRL	www.sefa.it	Trade and manufacture of semi-finished special steel.	Production holds and construction machinery parts.	end users, distributors, buyers
SIPLA SRL	www.siplaprosgm.com	Integrated supplier of automation systems.	Packaging machinery and automation systems.	distributors, buyers
SIRMET ELETTRICA SRL	www.sirmet.it	Construction, repair, change features, review of electrical HV, MV, IV transformers. Purification insulating dielectric oils also on site. Special windings.	Companies with electrical substation or that want to install it and installers of industrial electrical implants.	agents, end users, distributors, buyers
SIT Società Italiana Tecnoazzole spa	www.sitbrush.com	Wire brushes for power tools (grinder, drill, wheel sander) hand brushes, technical brushes custom-made for pipeline industry (pipe coating removal, weld preparation, weld cleaning), tire retreading industry, wood industry, food industry, rolling mills.	Industrial Wire Brushes manufacturing and sale.	agents, end users, distributors, buyers
TEC SRL	www.tec.fe.it	Design, production, installation and marketing of metal, mechanical, oleodynamic, and electrical structures and products	Hydraulic works to conservation and safeguarding of the environment, dam, water treatment plant, river navigation.	end users, buyers
TECNA SPA	www.tecna.net	Production and sale of machines and systems for welding, relevant accessories and instruments, automation in general.	Metallic industrial products, repair in car body shops, assembly lines.	distributors
TECNOLAMIERA SRL	www.tecnolamiera.it	Sheet metal working company. Production of articles using the full range of the sheet metal machining processes and various raw material (aluminium, iron, stainless steel, zinc plated steel).	Coffee machines sector, agriculture, ceramic machines sector, food and drink industry (winemaking sector), textile machines sector, civil installations.	agents, end users, buyers
TECNOTREND AUTOMAZIONE SRL	www.tecnotrend.com	Design and production of automatic machines for dosage and capping of pharmaceutical powder and liquid into vials/bottles.	Pharmaceutical and cosmetic field.	agents, end users, distributors
TEKMATIC SRL	www.tekmatic.it	Manufacturer of pneumatic components: valves, solenoid, valves controls, cylinders, fittings and air preparation.	Tekmatic products can be used in all industrial sectors: dry-cleaning machines, packaging machines and timber processing, marble and ceramic processing, automatic machines in general.	agents, end users, distributors

TOR MECCANICA SRL	www.tormeccanica.it	Precision machining of steel and of alloy characterized by a great experience in the mechanical finishing of hardened steels due to an hi-tech production department (turning, milling, grinding and EDM) and metrology constantly updated on new technology solutions.	Components and mounted group for automatic machines for packaging or tobacco and tool machines.	buyers
VIBOLT SRL UNIPERSONALE	www.gberardi.com	Distribution of standard and custom made screws and bolts and custom made special items.	Small metal parts, fasteners.	distributors, end users
SIMONI SRL	www.simoni.eu	production of industrial brushes	packaging, wood industry, food industry, ceramics, graphics	buyers
AUTOMA BM SRL	www.automabm.it	Manufacturer of extrusion blow moulding machine for the production of plastic bottles	Bottle for fresh and UTH milk, detergents, motor oil, cosmetics, pharmaceutical, industrial jerry cans, polycarbonate bottle for water dispenser. Plastic containers up to 100 liters and technical items for automotive industry	end users, buyers
POGGIPOLINI SRL	www.poggipolini.it	Technical weight reduction solutions, critical components and structural fastening systems for the automotive, aerospace and motorsports industries	Mechanical application and weight reduction solutions.	End users, buyers
DELTA CHIODATRICI E IMPIANTI PER COSTRUZIONE PALLET SRL	www.deltaitaly.com	design and manufacturing of nailing machines and lines for the automatic production of wooden pallets	manufacturing industry	agents, distributors
ADVANCED TECHNE SRL: PRIATHERM DIVISION, ALGOTEX DIVISION	www.priatherm.com	Design and manufacturing of cooling solutions and heat sinks	Thermal management and cooling of electronical power devices in several industrial applications (green energies, e-mobility, traction, broadcasting, medical)	agents, buyers, distributors
	www.algotex.com	digital plotters for the garment industry	digital plotter	agents, buyers, distributors

ENERGY TECHNOLOGY SRL	www.ocem.com	<p>Ocem Airfield Technology is a global full portfolio provider of airfield ground lighting systems and turn-key solutions. With a long history and qualified references worldwide, we propose a complete range of certified products in compliance with the main international standards (ICAO, IEC, FAA). We are able to meet the needs of every type of airport, thanks to our wide product portfolio that includes: full range of both LED and traditional halogen inset and elevated lights for approach, runway, taxiway and guidance sign, single-phase and three-phase constant current regulators, advanced solution to control and monitoring circuits and lights.</p>	<p>Ocem Airfield Technology now is a division of Energy Technology srl with Augier Energy (France) and Multi Electric (USA)</p>	distributors, buyers
		<p>Ocem develops Power Electronics applications for scientific research (particles physics, plasma physics), biomedical use, advanced industry and transportation systems. For advanced laboratories and international excellence centers, leading users of advanced scientific solutions and of railroad transportation we have designed and manufactured high-performance converters, power supply systems, high voltage modulators, complex solid state and/or hybrid switches, auxiliary equipment, data transmission systems optical fiber-based, power supplies for ion pumps, medium power converters for the services of railway rolling stock.</p>	<p>Ocem Power Electrics: since 1943 we have focused our activities on power electronics for scientific research, with a flexible customer-oriented approach. Our main commitment is in the field of: plasma physics, particle accelerators, industrial applications, medical particle therapy, superconductivity, radio frequency systems, transportation</p>	distributors, buyers
MANZ ITALY	www.manz.com	<p>Engineering, manufacturing and installation of Automatic Machines for Capacitors and Li-Ion Batteries mass production</p>	<p>Consumer (PC, Laptop, tablet, smartphones etc), Industrial (wind power, lightning, energy storage, solar etc), Automotive (e-mobility: EV, HEV, PEV etc), Military</p>	agents, distributors, buyers
COSWELL SPA	www.coswell.biz	<p>Production and distribution of personal well-being products, thanks to the deep knowledge and experience in herbal science in combination with innovation and technology.</p>	<p>Functional herbal teas, teas, functional coffee food supplements in capsules, sticks, active caps.</p>	distributors
